Introducing these semi-detached, one of a kind red brick façade apartments in Mbweni. Ready to move-in and in a great location, we are offering these 2 bedroom apartments with an open floor concept design, merging the indoors with the outdoors. Each apartment consists of a master bedroom upstairs with an indoor bathroom as well as an open to sky, semi-outdoor shower, where you can watch the stars as you shower in the privacy of your own home, separate bedroom and bathroom downstairs with the kitchen and living room & office space directly opening up to a small patio & private pool under the shade of a either a palm or fruit tree. The architectural characteristics of these apartments are ideal and sustainable for the tropical climate in Zanzibar. The brick walls match the rich earth outside (with an added cooling effect), wood furniture effortlessly blending with trees outdoors accessible through the sliding doors, the double ceiling height offers not only the welcomed dramatic effect in a home, but also great ventilation & direct views of the apartment from the upstairs bedroom, the terrazzo flooring heightens the cooling, breathable building materials & textures the architects of this complex have prominently tried to bring awareness to. These apartments are a great catch and won't be in the market for long so book a viewing with us ASAP! furnished ito-roof parking laundry service office space private pool separate room for house help security
