New Boutique Hotel for Sale in Jambiani Near Natural Cave Recently completed boutique hospitality property is available for sale in Jambiani on Zanzibar's southeast coast. Set on approximately 1,340 sqm of land with around 320 sqm of built space, the property is located next to the well-known Swahili Cave and within walking distance of Jambiani Beach. The hotel completed its investment phase last year and has since begun operating gradually, offering a buyer the opportunity to take over a newly established hospitality business with the principal development already completed.

Accommodation The property offers six guest accommodation units comprising 3 Tropical Rooms and 3 individual Tiny Houses. The 3 Tropical Rooms each offer approximately 20 sqm of indoor space, a private bathroom and their own private garden with an outdoor bathtub. The 3 Tiny Houses are arranged across two levels, with a bedroom and bathroom on the ground floor and a large private rooftop terrace above, including a net relaxation platform. All guest rooms are fully equipped with air conditioning, televisions and individual water heaters. An additional room with its own bathroom and separate external entrance is currently used as staff accommodation. Its position within the main building provides flexibility for a future owner to retain it for staff use, convert it into an additional guest room, or connect it internally to the existing accommodation to create a larger family configuration.

Facilities The property has been designed around tropical outdoor living and includes a large main swimming pool surrounded by landscaped gardens, as well as a second smaller pool within the restaurant area. A restaurant and spa complement the accommodation, creating an established hospitality setup within a peaceful natural environment. A newly constructed access road provides convenient access to the property, with the hotel now approximately three minutes by car from the main road.
